

T485 Camp Makualla

This past summer, Troop 485 visited Camp Makualla, on the shores of Crescent Lake, Oregon. The camp boasted an amazing waterfront and many merit badge opportunities. Beyond the regular fare, Scouts were involved in a multitude of unique activities, from a camp-wide relay race to an overnight canoeing trip.

During the campfire programs, scouts took part in a variety of entertaining skits. Here at the top of the human pyramid is SPL Brandon Li!

Makulla also offered special troop activities, such as tomahawk and knife throwing, as well as archery with disc targets (shown above).

A highlight was an overnight canoeing trip. A select group of scouts canoed across Crescent Lake, built a campfire, and slept under the stars.

An added bonus came on the way back—scouts visited Crater Lake National Park. Here, a few scouts look over the railing into the crystal blue waters below.
